

# Georgi Garenov

## Junior Web Developer

Strong foundation in front-end technologies like JavaScript, ReactJS, and AngularJS, along with expertise in back-end frameworks such as Express.js and Node.js. Passionate about coding, consistently refining skills through personal projects and an active GitHub profile. Ready to contribute to innovative projects with a solid understanding of both front-end and back-end development

## TECHNICAL SKILLS

JavaScript

React

Bootstrap

Tailwind

Express JS

MongoDB

Vite

Firebase

Postman

Vanilla JS

HTML & CSS

Next JS

SPA

Unit Testing and Debugging

WordPress

Node JS

TypeScript

## PROJECTS

I strive to code and expand my portfolio every day. I have different projects on React, Angular, Express JS and Vanilla JS, most of them are deployed online. You can check all my work in my Github profile or my personal portfolio website.

Real Estate Marketplace on React [🔗](#)

- **Used technologies:** MERN Stack (React, Express JS, Mongo DB, Firebase).

Tetris Game [🔗](#)

- **Used technologies:** React, Vanilla JS,

Blog Website + Admin Panel [🔗](#)

- **Used technologies:** Angular, Firebase

Sofia

## WORK EXPERIENCE

### Financial Intelligence Unit (L2)

Paxful

08/2024 - Present

Remote

Main responsibilities

- Investigate high-risk alerts and suspicious activity using AML/KYC tools, including Clickhouse and Chainalysis, to support transaction monitoring and compliance.
- Draft concise investigative reports, including SAR narratives, and collaborate with leadership and teams to advance investigations.
- Stay updated on AML regulations, industry best practices, and emerging trends in blockchain and cryptocurrency to strengthen compliance processes.
- Utilize third-party tools and cross-functional collaboration to enhance operational efficiency and mitigate financial crime risks in the crypto space.

### Compliance Analyst

AML RightSource

08/2020 - 08/2024

Sofia, Bulgaria

Main responsibilities

- Monitor and analyze transactional data using advanced tools to identify red flags and unusual patterns for financial crime.
- Conduct risk assessments to evaluate potential money laundering, terrorist financing, fraud, and sanctions risks.
- Perform KYC procedures to verify client identities and assess relationships with financial institutions.
- Prepare detailed reports on suspicious activities, including findings, supporting documentation, and EDD investigations.

### Live Feed Data Analyst

Genius Sports

09/2017 - Present

Sofia, Bulgaria

Main Responsibilities

- Monitor and collect real-time data from global sports events, ensuring timely and accurate updates in the company database.
- Research and review match reports and sports news to resolve discrepancies and ensure consistency with external sources.
- Communicate daily with internal teams, external partners, and a global network of statisticians for data accuracy and updates.
- Perform quality assurance checks and use technical tools to analyze data and generate reports.
